UROGYNECOLOGY for the Advanced Practice Provider 2019

April 11-13, 2019 • The LINE Austin Hotel • Austin, TX

About the Course

This course brings together NPs, PAs and PTs for 2 ½ days of didactic and hands-on education. In 2018, over 17 sessions were offered, covering topics from vaginal e-stim, managing women with hematuria, pelvic floor physical therapy options and more. This event will help foster a greater understanding of the current evaluation and management options that exist in urogynecology today.

The Advance Practice Pavilion (APPavilion) is the place to network with peers, meet with industry experts, experience education beyond sessions and engage with key leaders in the field. What to expect in the APPavilion:

Two Networking Receptions – A unique opportunity to network with attendees while educating attendees on your company.

Relaxation Area – Take a quiet moment away from the meeting, catch up with a friend, have a cup of coffee or charge your phone, laptop or personal device.

All sponsors will be in the APPavilion. Sponsors will be provided designated space and furniture in the Pavilion and will be permitted to bring literature and up to one small banner stand display. No large displays will be allowed.

UROGYN UPDATE 2019

Latest Techniques & Emerging Trends
February 21-23, 2019 • Andaz Mayakoba • Maya Riviera, Mexico

About the Course

This course is designed for FPMRS specialists and/or practitioners with strong interest in the field of Urogynecology who wish to expand their knowledge of the latest treatments of complex female pelvic floor disorders and the latest important research in the field. The course features didactic lectures, case-based discussions, all supplemented with video presentations of advanced laparoscopic and vaginal surgery. Rather than broadly cover the gamut of FPMRS topics, this course will emphasize advanced techniques and complex/challenging clinical scenarios that FPMRS specialists are expected to handle. In addition, the course will include practice management and efficiency pearls.

The Pavilion is the place to network with peers, meet with industry experts, experience education beyond sessions and engage with key leaders in the field. What to expect in the Pavilion:

Networking Reception – A unique opportunity to network with attendees while educating attendees on your company. Course Partners will be provided unlimited guest passes for company staff, Education Contributors will receive up to three invitations for company staff.

Relaxation Area – Take a quiet moment away from the meeting, catch up with a friend, have a cup of coffee or charge your phone, laptop or personal device.

All sponsors will be in the Pavilion. Sponsors will be provided designated space and furniture in the Pavilion and will be permitted to bring literature and up to one small banner stand display. No large displays will be allowed.

Course Partner - \$10,000

- Reserved area in the AUGS Pavilion which will include logo pillows, sofa and charging station coffee table.
- Industry Expert Theater (limited to 5): Opportunity to present a 30-minute, educational session on a topic of choice at a designated time during the meeting *Session will not conflict with another meeting activity*
- Promotional insert in attendee bags
- Attendee list (includes name and location)
- Recognition on all printed materials, signage and AUGS Website

Education Contributor - \$5,000

Tampa, FL

2019 Course Sponsorship Opportunities

Taking Your Surgical Skills to the Next Level

July 19 – July 20, 2019

Tampa, FL

About the Course

This two-day hands-on cadaver course features experts in each of the major modalities of FPMRS surgery who are ready to share their best practices, surgical tips and “special sauce” for success, and a curriculum that is laser-focused on helping participants excel in the operating room. This is one of our society’s most efficient opportunities to meet and interact with expert surgeons and for attendees to receive hands-on cadaver training.

As a sponsor, you will also be able to provide product support, which includes participation in the hands-on cadaver lab. Please contact Jeanette for more information on sponsorship opportunities.

Attendance will be capped at 48 participants in an effort to keep a low ratio of instructors to attendees.
