Fax: 585-276-1956

E-mail: Amy_Keller@urmc.rochester.edu

Description: The core faculty consists of three full-time Urogynecologists, one Urologist, and a Colorectal Surgeon practicing together at the Center for Adult Pelvic Health & Continence Care. A broad based clinical exposure allows for experience in office diagnostic testing such as urodynamics, office cystoscopy, anal manometry, ultrasound and proctoscopy. Fellows will be proficient in conservative and surgical management of urinary and fecal incontinence, pelvic organ prolapse disorders, pelvic pain and voiding dysfunction. As part of the surgical management, fellows are trained in vaginal, abdominal and endoscopic approaches to pelvic reconstructive surgery. The training includes further clinical rotations thorough the Pelvic Pain Service, Pelvic Floor Physical Therapy, Gastroenterology and Geriatric Medicine. Weekly educational sessions are conducted to cover topics in Urogynecology and pelvic floor

dysfunction, review of current literature, discussion of clinical cases and research projects. In addition, fellows take University courses in biostatistics.

Opportunities are available for clinical and basic science research.

Requirements: Completion of Residency on Obstetrics and Gynecology or Urology in an accredited program

Program Length: 3 years

Number of Fellows: 1 fellow every other year

Fellowship Director:

- Erin E. Duecy, MD; Associate Professor Obstetrics & Gynecology and Urology
