**Description**

The three-year accredited ACGME fellowship program offers clinical, teaching, and research experience while providing comprehensive training to diagnose and treat conditions of pelvic organ prolapse, urinary and fecal incontinence, and voiding and defecatory dysfunction. Surgical education includes a rare balance of vaginal, open, and laparoscopic, and robotic techniques, including opportunities to train on a dual console of the DaVinci Si robot.

The program offers comprehensive education in procedural treatments for the pelvic floor such as sacral neuromodulation, urethral bulking injection, posterior tibial nerve stimulation, operative cystoscopy, and pessary use. The combination of mentorship from subspecialty-trained FPMRS physicians, urologists, and colorectal surgeons allows for a varied and comprehensive education.

Unique opportunities include a laparoscopic dry lab and a fresh tissue human cadaver lab with full laparoscopic set-up. Specialty specific and departmental didactics are attended weekly. Fellows serve as mentors to students, residents and peers during outpatient clinics and surgical procedures.

Fellows participate in mentored basic science and clinical research projects with faculty mentors within the divisions of FPMRS, colorectal surgery, urology, engineering, gastroenterology, geriatric medicine, and more.

**Supporting Faculty**

**Department of OB/GYN & Women's Health**

**Division of Female Pelvic Medicine and Reconstructive Surgery**

Stacy Lenger, MD, Division Director, FPMRS

Ankita Gupta, MD, Associate Program Director

**Division of Minimally Invasive Gynecologic Surgery**

Shan Biscette, MD, Division Director

Resad Pasic, MD, Fellowship Director

**Department of Urology**

Kellen Bo Yung Choi, DO, Director of Female Urology

Murali Ankem, MD, Chair

**Department of Surgery**  
**Division of Colon and Rectal Surgery**

Jeffrey R. Jordan, MD  
Russell Farmer, MD

**School of Public Health and Information Sciences**  
**Department of Bioinformatics and Biostatistics**

Jeremy Gaskins, PhD

**Department of Medicine**  
**Division of Gastroenterology, Hepatology and Nutrition**

Thomas Abell, MD, Chair, Gastroenterology

**Nurse Practitioners**  
**Department of OB/GYN & Women's Health, Division of FPMRS**

Alyce Goodman Abraham, APRN, WHNP  
Heather Lange, APRN, WHNP

**Private Practice Physicians**

Lori Warren, MD

**Women's First**

Specialty: OB/GYN & Women's Health, FPMRS Board Certified, MIGS

**Interview Information**

**FIRST ROUND INTERVIEW PARTICIPANT**

Number of Fellows: 1 per year

**Application Process**

Applications to the University of Louisville Female Pelvic Medicine and Reconstructive Surgery Program will be accepted ONLY through the Association of American Medical College's (AAMC) Electronic Residency Application Service (ERAS).
