

**University of Rochester Medical Center**

**Fellowship Program Name:** University of Rochester Medical Center

**Fellowship Coordinator:** Jessica Paul

**Address:** Department of Obstetrics and Gynecology 601 Elmwood Avenue, Box 668 Rochester, NY 14642

**Phone:** 585-276-5267

**Fax:** 585-276-1956

**E-mail:** Jessica\_Paul@urmc.rochester.edu

**Description:** ACGME accredited 3 year fellowship in FPMRS. The fellowship is centered in a collaborative practice with primary faculty from OB-GYN, Colorectal Surgery, and Urology. Fellows will be proficient in evaluation & management of pelvic floor disorders including conservative and surgical management of urinary and fecal incontinence, pelvic organ prolapse, pelvic floor pain and voiding dysfunction. As part of surgical management, fellows are trained primarily in vaginal and laparoscopic/robotic approaches to pelvic reconstructive surgery. Surgical experience includes frequent collaborative cases with Colorectal Surgery and Urology. A broad based clinical exposure allows for experience in office diagnostic testing such as urodynamics and office cystoscopy as well as office-based therapeutic procedures such as PNE, intravesical Botox, and transurethral bulking agent injection. Fellows run their own Urodynamic and Interstim clinics under attending supervision. At the start of fellowship, trainees select a track from Research, Quality Improvement Science, and Teaching & Education Administration. Each track is a 3 year program that complements the standard FPMRS curriculum & scholarly activity requirements while providing in- depth exploration and achievement within an academic niche for future career development.

**Requirements:** Completion of Residency in Obstetrics and Gynecology or Urology in an accredited program.

**Program Length:** 3 years

**Number of Fellows:** 1 fellow every other year

**Fellowship Director:**

- Erin E. Duecy, MD; Associate Professor Obstetrics & Gynecology and Urology
